

Spanish Brick :*Ceramic Tile*

This new Spanish brick series stands out for its innovative design and superior technical features. Made from high-quality white body paste, this tile has been specifically designed for wall cladding. Its unique "Brick" surface design is achieved through a pre-cutting process on the ceramic piece before applying the final design, giving it a unique finish and sophisticated appearance. Bricks tesselas measuring 1.57 X 13.78 inches, and a total piece dimension 14" X 14", the tile offers precise installation and an aesthetic finish. Once installed, it is essential to grout both the gap between the pieces and the pre-cuts, resulting in a finish that emulates the beauty of a traditional mosaics.
