

Italian 3D Tile :16" x 32" Wall Tile

3D wall carve, this is a new way of interpreting ceramic relief: a range of surfaces with sober tone characterized by refined, minimal microtextures. The natural irregularity of the three-dimensional reliefs leads itself to evocative light effects, creating interior designs that are simple yet with a sophisticated visual impact.

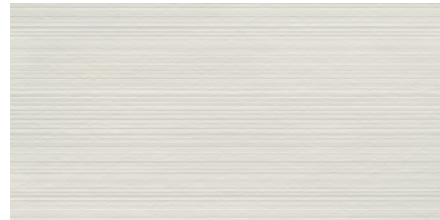

Packing

- Dimension - 16" X 32"
- Pieces per box 4
- Weight per box 46 lbs
- Sq ft per box 14.2
